ANNUAL REPORT

2009 Warrant and Budget

**THE BOARD OF SELECTMEN WISHES TO DEDICATE
THE 2008 TOWN REPORT IN MEMORY OF**

BARBARA R. HOCHREIN

Barbara Rae Hochrein, Webster's energetic Town Clerk of 14 years and Vice President of Finance at Santa Cruz Gunlocks, died on March 30, 2008, after a sudden battle with cancer. She left behind her husband of 25 years, Joe Hochrein, and three daughters Rebecca, Emily, and Hannah, as well as her parents, Robert and Joan Klar of Fallbrook, California, sisters Joan Bruce, Jeanne Burroughs and Beverly Sherman, and her brother, Scott Klar.

Barbara brought innovation to the Town Clerk's Office after her election, including the ability to renew or get new vehicle registrations in Webster after paying vehicle Town taxes – a great time-saver for Webster residents. Before that change, you would have to drive to the Department of Motor Vehicles in Concord for vehicle registration (after paying your vehicle taxes in Webster). Barbara was a vital member of the Webster Old Home Day Committee, helping organize the events, and for many years, was the organization's treasurer.

Barbara always did things at an enthusiastic pace, whether it was picking up trash along Webster's roadsides, walking, riding her bike to work, skiing, playing golf (her new found sport), or partying with family and friends. She could always be found cheering at her daughters' sports events and school activities.

Barbara was born on November 11, 1953, in Robbinsdale, Minnesota, and raised in Glendora, California and was a graduate of the California State Polytechnic University in Pomona with a degree in ornamental horticulture. Barbara was a passionate, loyal and caring individual who is dearly missed by her wonderful family and many, many friends. She will always be remembered for her sense of humor, her spunky personality, and her characteristic curly hair. She packed a whole lot of energy and strength in such a cute, petite frame.

"She was the laughter in the room."

Report of the Board of Selectmen

A government big enough to give you everything you want is big enough to take everything you have.

– Barry Goldwater

To the Residents of the Town of Webster:

We all know that these are challenging economic times and the Board has been very aware of the financial pressures we are all facing. So with that in mind, we are more determined than ever to hold all of us who serve you in town government accountable for all the funds we spend. When we set the Town tax rate for 2008 we attempted to return as much of the available funds back to the taxpayer. As a result, the Town portion of the tax rate dropped from \$4.45 to \$4.28 per thousand. If we adjust this rate for the town wide reappraisal, the net effect would have been a rate of \$4.31 per thousand or a 3.1% decrease.

However, we don't control your total tax bill. The schools and the county portion of your tax bill are still increasing. During 2008, they increased by 8.9% and 20.7% respectively. Since they all impact our property tax bill, we urge all citizens to become involved in setting these budgets, along with the Towns' budget. We need to remember, while your tax appraisal is important, the amount you approve for spending at the school and town meetings are really what drives your tax bill. At the county level you need to contact your State Legislators and let them know how you feel.

This year's proposed budget reflects a decrease in appropriations of approximately 2.24%. Included in this appropriation is \$43,000 that will only be funded if we have a surplus in 2008. We have examined every line in the budget with a critical eye. The goal was to keep your Town tax rate level. The Board would like to thank all Town Department Heads for working with us to control costs. Their efforts are greatly appreciated.

Our accomplishments in the prior year included the hiring of a new property appraisal company, establishment of a Town website, the consolidation of our building and driveway permitting process, establishing a new purchasing policy following strict budgeting procedures, and the re-establishment of the Hopkinton-Webster Landfill Committee. All of these improvements have helped the Board exercise better control and keep the citizens better informed about town government.

Going forward the Board hopes to continue its efforts to keep costs under control and to proactively budget for future Town needs. Some of these efforts involve better planning for future Town capital needs. This includes building up our Capital Reserve Funds to make sure we adequately maintain our current buildings, cemeteries, equipment, roads, and bridges as well as plan for future needs. The Board wants to be prepared as much as humanly possible so the Town can avoid any big assessments for future capital needs.

The Board is also looking to establish Expendable Trust Funds to avoid any unexpected Town emergencies. These emergencies tend to happen sporadically and are hard to predict. So our overall philosophy has been to budget what we truly need from year to year, so as not to tax residents for things that may not happen. Part of that involves building up Expendable Trust Funds to cover

accidents, large legal bills, snow removal and welfare needs that arise periodically but not every year. This is the reason that we have included in the Warrant two new Expendable Trust Funds to cover such situations.

While the Board cannot guarantee ruling out any future tax increases, please be assured that we are extremely sensitive to the current economic crisis and will try to balance all concerns when making any future decisions.

We were saddened by the sudden loss of Barbara Hochrein, our friend, neighbor and long time Town Clerk.

In closing, the Board does appreciate your efforts to support us and those who work for the Town. As we enter 2009, please keep in mind that we all need to pitch in and help.

Many of our friends and neighbors may be going through some difficult times. If we all just help each other in some small way we can keep Webster a great place to live for all of us.

Town Meeting Notes

2009 TOWN WARRANT
FOR THE TOWN OF WEBSTER
THE STATE OF NEW HAMPSHIRE

THE POLLS WILL BE OPEN FROM 10:00 A.M. TO 7:00 P.M.

TO ACT ON
ARTICLES 1 and 2

To the Inhabitants of the Town of Webster in the County of Merrimack in said State qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Webster on Tuesday, the 10th day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

- 1. To choose all necessary Town Officers for the ensuing year. (By Ballot)**
- 2 Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the existing Webster Zoning Ordinance as follows?**

Onsite Wastewater Treatment

- A. All components of an Individual Sewage Disposal System (ISDS) must meet the setbacks noted in the most current version (or its successor) of Table 1008-2 in Chapter Env-Wq 1000: Subdivision and Individual Sewage Disposal System Design Rules.
- B. No waste waters or sewage shall be permitted to run free into wetlands or surface waters or be discharged in any way that may be detrimental to the health of others or otherwise violate State Water Quality Standards. All such waste shall be conveyed away through use of an accepted sanitary system or in such a way that it will not be detrimental to the health of others or otherwise violate State Water Quality Standards.
- C. All sanitary systems shall be constructed and maintained in accordance with standards set by the New Hampshire Department of Environmental Services.

This Article replaces the existing wording of Article IV, Section 7, items A, B and C in the Webster Zoning Ordinance.

**BUSINESS MEETING WILL BE HELD AT THE TOWN HALL ON
SATURDAY, MARCH 14, 2009 AT 10:00 A.M.
TO ACT UPON THE FOLLOWING SUBJECTS**

3. To see if the Town will vote to discontinue the following Capital Reserve Funds with said funds plus accumulated interest to date of withdrawal to be transferred to the General Fund: The Police Firearms Capital Reserve established in 1998, Police Portable Radio Capital Reserve established in 2005, and Police Office Equipment Capital Reserve established in 2007.

(Majority Vote Required)

This Article is recommended by the Board of Selectmen

4. To see if the Town will vote to establish a Police Equipment Capital Reserve Fund under the provisions of RSA 35:1 for the purpose of purchasing police equipment and to raise and appropriate the sum of Nine Thousand Two Hundred and Six Dollars (\$9,206) to be placed in this fund, Seven Thousand Four Hundred and Six (\$7,406) to come from the General Fund and One Thousand Eight Hundred Dollars (\$1,800) to come from taxation and further to appoint the Board of Selectmen and the Police Chief as Agents to Expend.

This Article is recommended by the Board of Selectmen

5. To see if the Town will vote to raise and appropriate the sum of One Thousand Eight Hundred Dollars (\$1,800) to be added to the following previously established Capital Reserve Funds:

Police Firearms	\$ 300.
Police Office Equipment	1,000.
Police Portable Radios	500.

This Article is recommended by the Board of Selectmen

Note: Should Article 3 & 4 pass, this Article will be passed over

6. To see if the Town will vote to raise and appropriate the sum of One Hundred Thousand Dollars (\$100,000) to reclaim, grade and apply a Single Course of 2" Hot Mix to the second-phase of a proposed three-phase project for Pearson Hill Road. This will be non-lapsing until the work is completed, or by December 31, 2010, whichever is sooner.

This Article is recommended by the Board of Selectmen

7. To see if the Town will vote to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) to be added to the previously established Legal Expendable Trust Fund. This sum is to come from the Fund Balance (surplus) and no amount will be raised from taxation.

This Article is recommended by the Board of Selectmen

8. To see if the Town will vote to raise and appropriate the sum of Fifteen Thousand Dollars (\$15,000) to be added to the previously established Highway Land/Building Trust Fund. This sum is to come from Fund Balance (surplus) and no amount will be raised from taxation.

This Article is recommended by the Board of Selectmen

9. To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) to help offset the cost of the bond for "Funds to Repair Dam" passed at the Pillsbury Lake Water District Special Meeting held August 5, 2006.
10. To see if the Town will vote to raise and appropriate the sum of Eight Thousand Dollars (\$8,000) to replace the fence at the Riverdale Cemetery and authorize the withdrawal of Eight Thousand Dollars (\$8,000) from the existing Cemetery Improvements Capital Reserve established in 1996 for that purpose.
11. To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to create an Expendable Trust Fund under the provisions of 31:19-a, to be known as the Highway Expendable Trust Fund for the purpose of covering unexpected highway expenses that may come before the Town and to appoint the Board of Selectmen and the Road Agent as Agents to Expend. This sum is to come from Fund Balance (surplus) and no amount will be raised from taxation.

This Article is recommended by the Board of Selectmen

12. To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to create an Expendable Trust Fund under the provisions of 31:19-a, to be known as the Police Vehicle Maintenance Expendable Trust Fund for unanticipated vehicle expenses and to appoint the Board of Selectmen and Police Chief as Agents to Expend.

This Article is recommended by the Board of Selectmen

13. To see if the Town will vote to raise and appropriate the sum of Three Thousand Dollars (\$3,000) to create an Expendable Trust Fund under the provisions of 31:19-a, to be known as the Welfare Expendable Trust Fund for the purpose of covering unexpected welfare expenses that may come before the Town and to appoint the Board of Selectmen and the Welfare Director as Agents to Expend. This sum is to come from Fund Balance (surplus) and no amount will be raised from taxation.

This Article is recommended by the Board of Selectmen

14. To see if the Town will vote to raise and appropriate the sum of Two Thousand Dollars (\$2,000) for interest on Tax Anticipation Notes.
15. To see if the Town will vote to raise and appropriate the sum of Two Hundred Fifty Dollars (\$250) for CASA-Court Appointed Special Advocates for Children.

16. To see if the Town will vote to raise and appropriate the sum of Fifty-four Thousand Eight Hundred Thirty-one Dollars (\$54,831) for the following:

Health Department	\$ 225.
Health Agencies	3,452.
Welfare Department	9,200.
Community Action Program	4,182.
Parks & Recreation	4,200.
Penacook Community Center	500.
Library	32,472.
Patriotic Purposes – Old Home Day	100.
Conservation Commission	500.

17. To see if the Town will vote to raise and appropriate the sum of One Hundred Thirty-eight Thousand Seven Hundred and Fifty Dollars (\$138,750) to be added to the following previously established Capital Reserve Funds.

Office Equipment	\$3,000.
Air Packs	5,000.
Bridge Improvements	40,000.
Fire Dept. – Dry Hydrant Repairs	1,500.
Reappraisal	5,000.
Town Hall Improvements	16,500.
Fire Truck	48,000.
Fire Department – Bunker Gear	5,000.
Public Safety Building	3,750.
Webster/Hopkinton Transfer Station Equipment Fund	10,000.
Cemetery Improvements Fund	1,000.

This Article is recommended by the Board of Selectmen

18. To see if the Town will vote to raise and appropriate the sum of Sixty-four Thousand Eight Hundred and Sixty Dollars (\$64,860) for repayment of Long Term Debt.

Principal – Long Term Bond	\$40,000.
Interest – Long Term Bond	24,860.

19. To see if the Town will vote to raise and appropriate the sum of Four Hundred Eighty Thousand Nineteen Dollars (\$480,019) for General Government:

Executive	\$10,350.
Election, Registration & Vital Statistics	15,635.
Financial Administration	137,074.
Revaluation of Property	29,913.
Legal Expenses	59,050.
Personnel Administration	41,663.
Planning & Zoning	18,950.
General Government Buildings	52,805.
Cemeteries	12,200.
Insurance	102,129.
Outside Services (Forester)	250.

20. To see if the Town will vote to raise and appropriate the sum of Three Hundred Seventy One Thousand Seven Hundred Twenty-six Dollars (\$371,726) for Highways, Streets and Sanitation:

Highways and Streets	\$160,000.
Highway Block Grant	61,726.
Hopkinton-Webster Landfill	
Transfer Station	150,000.

21. To see if the Town will vote to raise and appropriate the sum of Three Hundred Sixteen Thousand and Eight Dollars (\$316,008) for Public Safety:

Police	\$203,353.
Police Special Detail	2,000.
Ambulance	18,414.
Fire & Medical	72,891.
Building Inspection/Septic Review	16,800.
Emergency Management	2,000.
Other Public Safety	550.

22. To see if the Town will vote to organize the Fire Department according to RSA 154:1, I(b), whereby the Fire Chief is appointed by the Board of Selectmen and the Firefighters are appointed by the Board of Selectmen upon the recommendation of the Fire Chief.

This Article is recommended by the Board of Selectmen

23. To see if the Town will vote to authorize, until specific rescission of such authority, the Board of Selectmen to, in its judgment, declare Town property to be surplus, dispose of said property as it may determine to be in the best interest of the Town, and to return any revenue to the General Fund to be used to defray taxes.

24. To see if the Town will vote to adopt the provisions of RSA 36-A:4-a, I(b) to authorize the Conservation Commission to expend funds for contributions to "qualified organizations" for the purchase of property interests or facilitating transactions related thereto, where the property interest is to be held by the qualified organization and the Town will retain no interest in the property.

This Article is recommended by the Board of Selectmen

25. To see if the Town will vote to adopt the provisions of RSA 36-A:4-a, I(a) to authorize the Conservation Commission to expend funds to purchase interests in land outside the boundaries of our municipality, subject to the approval of the local governing body.

This Article is recommended by the Board of Selectmen

26. To see if the Town will vote to change the purpose of the existing Police Portable Radio Capital Reserve Fund originally established at the March 2000 Town Meeting to the Police Taser Capital Reserve Fund and to authorize the Selectmen and the Police Chief as Agent(s) to expend.

(2/3 Vote Required)

Submitted by Petition

27. To see if the Town will vote to establish a Town of Webster Agricultural Commission, consisting of three members in accordance with RSA 673:4-b, for the proper recognition, promotion, enhancement, encouragement, use, management, and protection of agriculture, as defined in RSA 674:44-e and as such may hereafter be amended, and agricultural resources, tangible and intangible, that are valued for their economic, aesthetic, cultural, historical community significance within their natural, built, or cultural contexts.

The Commission Members shall be appointed by the Board of Selectmen.

This Article is recommended by the Board of Selectmen

28. To transact any other business that may legally come before this meeting.

Given under our hands and seal, this 10th day of February, in the year of our Lord two thousand and nine.

TOTAL OF ALL NET ASSETS**\$4,927,854**

Note: All Land & Building values are taken from the 2008 Assessed Values. When possible all equipment was calculated using the GASB 34 (2005) minus accrued depreciation minus three years additional depreciation. All furnishings are an estimate of the contents of the stated building. All road projects listed are based on the actual cost for the year that improvements were made.

REPORT OF THE WEBSTER POLICE DEPARTMENT

The Webster Police Department would like to take this opportunity to thank the citizens of Webster for their continued support this past year.

In July, Webster Police responded to a most violent assault upon a Webster child that nearly ended her young life. The members of the Webster Police Department spent an extraordinary number of hours investigating the case, traveling to Children's Hospital in Boston to interview the victim, hospital personnel, and family members, executing search warrants, locating the primary suspect in the case, and seizing evidence. The primary suspect was located in Florida and returned to New Hampshire to face a litany of felony charges. To date three adults have been arrested on charges related to the near fatal assault of the young girl.

Webster also saw its first crack cocaine-heroin overdose death. As with any untimely death the hours spent investigating the death can be quite numerous. This case was particularly time consuming as we pursued charges against the supplier of the drugs that led to the death of the individual, and charges of destruction of evidence against others present in the home.

The number of arrests, and the severity of the crimes committed in Webster, continues to increase. As the economic condition in our area worsens, we should expect crime rates to be on the increase, making the Police Department all the more necessary. We saw a marked increase in assaults and more violent crimes than in years past, with Webster Officers making 72 arrests in 2008, an increase from 2007.

Through a Federal Grant we were able to purchase new ballistic vests for 6 Officers; the Grant will pay 50% of the total cost for the vests, achieving our goal of replacing the old ballistic vests. It remains our goal to provide a less than lethal option for our Officers by purchasing tasers. We hope to use Capital Reserve Funds already set aside to purchase the tasers following Town Meeting.

Our mission has been, and will continue to be, to protect and serve our community in the most professional way possible. We are committed to provide the most prompt, professional response possible to your calls for assistance. If you witness a crime, suspicious activity, or have any questions or concerns, please call our dispatch center at 228-1800.

Respectfully submitted,

BRIAN P. MILANO
Chief of Police

REPORT OF THE EMERGENCY MANAGEMENT DIRECTOR

2008 did offer some opportunities to serve the local community and improve our readiness for an actual emergency.

In June, the Emergency Operation Center (EOC), located at the Webster Safety Building, was activated to conduct an emergency response exercise focused on the elementary school. These annual drills are designed to exercise our systems and enhance our response times in case of actual emergencies. The school drill was an off-site evacuation event exercise. The children were evacuated to the EOC. In the event of an actual emergency, their parents would have been notified of the evacuation and instructed to come to the EOC or to an alternate location to collect their children. The exercise helped, among other things, to evaluate the time necessary to safely evacuate the school and get all children and school staff to a safe location, in this case the EOC, as well as the time necessary to set up a triage unit. We also worked on the particulars of notification of parents and the most effective way to track children as they were released to their parents.

The EOC received a State Grant to update and install a new, powerful radio system. The State of New Hampshire paid for all equipment and installation. The equipment allows for EOC personnel to communicate to all emergency personnel in the field; this includes all local police and fire department personnel as well as county and state agencies. This technology improves our ability to communicate from the EOC during an emergency and improves emergency response times.

We are in the final stages of procuring a FCC licensed local Town radio frequency for enhanced communications during future emergencies. This will allow local emergency response personnel to communicate without tying up the primary emergency frequencies.'

The recent ice storm in December caused enormous damage statewide resulting in widespread power outages. Most Webster residents were out of power for several days. Damage to power systems, including many "line down" conditions, caused some road closures. White Plains Road was closed for several days due to a primary conductor line down in the roadway. While the Webster EOC was not activated, our former Grant for a high-energy generator allowed us to serve the residents during the ice storm. The Safety Building was open for residents in need of water and use of the facilities including showers. Several residents took advantage and were grateful for the available safety facility resources. Our Officers kept in contact with the special needs population during the outage, to ensure they were warm and given any assistance needed.

The December ice storm did result in a disaster declaration and Webster should receive funds to cover some of the cost of clean up efforts that followed the storm.

Respectfully submitted

BRIAN P. MILANO

Emergency Management Director

REPORT OF THE FIRE DEPARTMENT

2008 was a very busy year for the Fire Department. Total number of emergency responses was up 9.5% from 2007. The men and women of the Fire Department responded to 170 emergency calls and logged over 2000 hours of service.

While the largest percentage of our calls continues to be emergency medical incidents we did have an increase in fire activity throughout the mutual compact. We saw an increase in mutual aid responses to building fires in several neighboring communities, and we did have a building fire in Webster this year. A single family home on Battle Street caught fire on June 4th. We had several members working in Town that day and this resulted in a quick response time. An aggressive interior attack was done and the fire was knocked down in about 10 – 15 minutes. We were able to save some of the homeowner's belongings but the quick extinguishment was not enough to save the home. The insurance company decided the damage to the structure was too great and the house was replaced.

2008 was also a good year for recruitment. We have added four new members, and all of them come with either extensive fire or EMS training. Our new members are Corey Welcome, Angela Welcome, Arthur Dickerman, and Sherry Leduc.

Extreme weather events struck our community again this year. A severe thunderstorm over the summer caused significant damage in an area around Lake Winnepocket. Dozens of large trees were toppled; several of them struck buildings causing serious structural damage. Others took down power lines and blocked all roads leading into the area. Utility crews worked overnight to restore power and clear the debris. The December ice storm caused major damage in our community and left large areas of the Town without power for up to a week. The Fire Department was busy during the storm and the days following it. We responded to many calls for service for flooded basements, downed power lines, and welfare checks on the elderly and residents with special medical needs.

Cleanup from the ice storm will probably last well into the spring. With the amount of brush and tree litter in peoples yards I expect to see an increase in requests for burning permits. I would like to remind everyone of the rules for outside burning. The only time you are allowed to burn without a permit is when the ground is completely covered by snow. The rest of the year permits are required for all outside fires, including outdoor fireplaces and chimneys. Permits can be obtained at the Public Safety Building on Thursday nights after 7 pm. If you want to have a fire over the weekend *please* plan ahead and get your permit on Thursday nights. Our Deputy Wardens are often busy during the weekends and not available for permits.

Deputy Warden	Jon King	648-2490
Deputy Warden	Colin Colby	648-2150
Deputy Warden	Bob Drown	648-2520/648-2210
Deputy Warden	Roy Fanjoy	648-2242
Warden	Adam Pouliot	848-0314

I would like to thank all the members of the Fire Department for their dedication and commitment. I would also like to thank the Board of Selectmen and the citizens of Webster for your continued support.

FOREST FIRE WARDEN AND STATE FOREST RANGER

Your local Forest Fire Warden, Fire Department, and the State of New Hampshire Division of Forests & Lands work collaboratively to reduce the risk and frequency of wildland fires in New Hampshire. To help us assist you, please contact your local Forest Fire Warden or Fire Department to determine if a permit is required before doing ANY outside burning. Under State law (RSA 227-L:17) a fire permit is required for all outside burning unless the ground is completely covered with snow. The New Hampshire Department of Environmental Services also prohibits the open burning of household waste. Citizens are encouraged to contact the local Fire Department or DES at 1-800-498-6868 or www.des.state.nh.us for more information. Safe open burning requires diligence and responsibility. Help us to protect New Hampshire's forest resources. For more information please contact the Division of Forests & Lands at (603) 271-2214, or online at www.nhdfi.org.

Spring fire season lasted unusually long this past year, with very high fire danger stretching into the first week of June. Once again, the rains started to fall during the summer and the fire activity was fairly light for the remainder of the year. The acreage burned was less than that of 2007. The largest forest fire during the 2008 season burned approximately 54 acres on Rattlesnake Mountain in Rumney on White Mountain National Forest property. Another 39 acre fire occurred on Mount Major in Alton during the month of April. Our statewide system of 16 fire lookout towers is credited with keeping most fires small and saving several structures this season due to their quick and accurate spotting capabilities. Many homes in New Hampshire are located in the wildland urban interface, which is the area where homes and flammable wildland fuels intermix. Several of the fires during the 2008 season threatened structures, a constant reminder that forest fires burn more than just trees. Homeowners should take measures to prevent a wildland fire from spreading to their home. Precautions include keeping your roof and gutters clear of leaves and pine needles, and maintaining adequate green space around your home free of flammable materials. Additional information and homeowner recommendations are available at www.firewise.org. Please help Smokey Bear, your local Fire Department and the State's Forest Rangers by being fire wise and fire safe!

2008 FIRE STATISTICS

(All fires reported as of November 24, 2008)

(figures don't include fires under the jurisdiction of the White Mountain National Forest)

ONLY YOU CAN PREVENT WILDLAND FIRE

ANNUAL REPORT TO BOARD OF DIRECTORS CAPITAL FIRE COMPACT

This report is presented to the Board of Directors of the Capital Area Fire Compact as a summary of general activities for the 2008 calendar year. It is also forwarded to the governing bodies of the Compact's member communities for informational purposes.

The Compact departments provide emergency fire and rescue services, including emergency dispatching, to its twenty member communities. The Compact's operational area is 711 square miles with a resident population of 124,827. We also provide and receive mutual aid responses with communities beyond our member area.

Dispatch services are provided by the City of Concord Fire Department's Communications Center utilizing eight shift dispatchers and the Dispatch Supervisor. Fire and Emergency Medical dispatched calls totaled 21,967 in 2008. We continue to be one of the busiest regional dispatch centers in New Hampshire. The detailed activity report by community is attached.

The Chief Coordinator responded to 152 incidents in 2008, assisted departments with management functions on major incidents, and participated with Chief Officers on mutual aid response planning. Data entry of dispatch information is handled at the Compact's administrative office utilizing a part-time Administrative Assistant. The Chief Coordinator continued to participate on several State and regional committees that affect mutual aid operations.

The 2007 Command Vehicle responds to all major mutual aid incidents and is available to function as a Command Post.

In 2008, the State of New Hampshire suffered heavy damage from severe weather conditions. One of these major events was a tornado that touched down in the Deerfield/Epsom area on July 24th and quickly traveled northerly ending in the Ossipee area. This event caused heavy property destruction and the loss of a life. The other major event was a severe ice storm in December in the southern sections of New Hampshire. Heavy ice damage caused major power outages affecting upwards of 300,000 residents and businesses for many days. These events tested the resources of many public safety agencies, including the Compact. Although many of our member communities were directly damaged, we were able to play a major role in providing personnel and equipment resources during both of these events to other communities. Most of these responses were provided through use of the New Hampshire Fire Mobilization Plan, a response plan that the Compact heavily supports and participates in.

With the aid of Homeland Security grant funding, we continue to move forward toward completion of radio upgrades to digital capability. The installation of a digital capable radio console is in progress at Fire Alarm Dispatch as this report is being written.

The 2008 Compact operating budget was \$851,282. All Compact operations, including the Chief Coordinator's position, office, command vehicle, and dispatch services are provided through this budget. Funding by the member communities is based on a combination of property valuations and population.

The Compact Training Committee chaired by Assistant Chief Dick Pistey with members Chief Keith Gilbert, Chief Gary Johnson, and Chief Peter Angwin assisted all departments in hosting mutual aid training exercises during the year. Mutual aid drills involve several departments and test the system capabilities in fire suppression, emergency medical, mass casualty, rescue, hazardous materials, incident management, and personnel safety. We thank the Training Committee for their continuing support to the Compact.

The Central New Hampshire HazMat Team, representing 55 communities in the Capital Area and Lakes Region Mutual Aid Systems continues to train and responds to hazardous materials incidents in our combined coverage area. The team operates under the direction of Chief Bill Weinhold with three response units and will welcome personnel interested in becoming active members. We appreciate and thank the team's

members for their dedication in providing this important emergency service.

We encourage all departments to send representatives and actively participate in all Compact meetings. Your input is needed on all issues and your members need to be informed of Compact activities and planning.

Thanks to all departments for your great cooperation.

DICK WRIGHT, Chief Coordinator
Capital Area Fire Compact

REPORT OF THE HIGHWAY DEPARTMENT

The start of 2008 brought us some heavy snowfall and challenges with plowing but the Webster residents prevailed with snow shovel in hand. The spring and summer seasons posed their own set of challenges due to the wet weather but eventually we were able to continue routine road maintenance. In late summer we were able to continue our road projects and completed Lake Road and started Pearson Hill.

I would like to take this opportunity to express my gratitude to all the good people of Webster. Together we can make it work.

Respectfully submitted,

EMMETT A. BEAN

SOCCER ROUNDUP

The 2008 Soccer season started out this year under new direction with the formation of the Webster Youth Soccer, a group of volunteer parents. To help us through this first year we received sponsors for the kindergarten through 5th/6th grade boys' soccer teams. This allowed us to maintain the same soccer registration fees from last year so that any Webster youth would be able to play soccer. We would like to say thank you to our sponsors for supporting Webster youth this season: R.T. Lake, Eastern Valley Landscaping, Steel Umbrella, and Hopkinton Forestry.

The 2008 Soccer season continued with the 4th summer of hosting the British Challenger Soccer Camp from August 4-8th. We had 41 children participate in the camp this year ranging from our youngest players (ages 4-5 yrs old-Mini-soccer) to the Advanced Camp for (12-15 yrs old). These children braved the rainy New England weather. They also learned about Wales and England from the three coaches we hosted from the United Kingdom.

We had 62 players from Webster this year. We continued with the combined (Salisbury and Webster) 5/6 boys and 5/6 girls teams in the Merrimack Valley Soccer League. This allowed the players a chance to play other recreational soccer teams in the area. Our players enjoyed meeting and playing against other players from the area. We also continued a combined (Boscawen, Salisbury, Penacook and Loudon) boys 7/8 grade team, 9-12 grade co-ed team and the 7/8 girls team in the Merrimack Valley Soccer League. This provided an opportunity for children who enjoy playing soccer to continue to play at a recreational level. We ended the season by hosting a total of 8 tournaments with the Towns of Boscawen, Penacook and Salisbury. These tournaments ranged from the Kindergarten Soccer Festival through to the 5/6 Grade Boys and Girls MV World Cup and 7th/8th grade girls MVSL Tournament. Thank you to the parents and coaches who gave of their time and energy during the 2008 season.

In 2009 we continue to look for ways to provide opportunities for our children to play and enjoy the game of soccer. The 4th British Challenger Soccer Camp is scheduled for August 3-7th and looking to add some "keeper" or goalie training. The new season of games are planning to start the beginning of

September. If you have any questions or are interested in helping out with soccer, please call Heidi Pelchat, 648-6416.

Respectfully submitted,

HEIDI PELCHAT

REPORT OF THE WEBSTER FREE PUBLIC LIBRARY

2008 drew to a cold and shivery close, but we were happy that we were able to make some folks' lives a bit brighter during the extended power outage in December. Thanks to the Town Hall's generator, we were able to provide warmth, internet access, and books to those who were without power.

The Downloadable Audio Books program continues to be a big hit among audiobook fans. The members who used it downloaded 417 audiobooks during 2008. The New Hampshire State Library is hopeful that the company that supplies us with our downloadable books will soon be able to offer downloads for iPods and Macs.

Our Summer Reading Program this year was the Australian-themed "G'Day for Reading," which culminated in a visit from entertainer Steve Blunt, who soon got us hopping like kangaroos. It was a fun end to a fun program. We received a grant from the New Hampshire State Library's "Kids, Books and the Arts" program to pay a large part of Blunt's fee.

We added 553 books and other materials to the library, and removed 479, giving us a collection of 11,190. Sixty-one names were purged from our patron files, and 66 new members signed up, leaving us with 481 registered borrowers. There were 2,308 visits to the library, 6,398 materials were checked out, we borrowed 121 materials from other libraries, and loaned out 541.

We thank everyone who supported the library in 2008: Our Wednesday evening volunteers, the parents and others who helped out during our Summer Reading Program, Judith O'Donnell for her generous monetary donation, and everyone who brought in their used books, or dropped a little something into our donation can.

Respectfully submitted,

SANDY STARKEY, Chair
SUE BARNES, Secretary
MARTY BENDER, Treasurer

REPORT OF THE CEMETERY TRUSTEES

Trees were taken down at Riverdale Cemetery by Old Yankee Tree due to possible destruction that they may have caused if they weren't removed.

This year's summer maintenance was again handled by Roberts Landscape Maintenance. We would like to express our appreciation to Sue and her crew for another year of a job well done.

We would like to remind people about the rules and regulations concerning

the use of the cemeteries:

- New lots are available at no charge to Webster Residents and Taxpayers.
- Non-residents are admitted for burial in existing lots belonging to relatives at the request of the family provided there is space available.
- Once a lot is laid out by the Trustees, corner stone markers must be installed. Head-stones are required to be installed within one year of a burial.
- Grave openings and closings are the responsibility of the Trustees; arrangements for payment must be made by the funeral home in charge or by the individuals making arrangements for the burial of cremated remains without a funeral home in charge. Payments must be made in advance of openings.
- Regarding shrubs, plants and flowers, the Trustees require the following be observed to help keep maintenance cost down:
 - Only annual or cut flowers are allowed at grave sites. Shrubs or perennial plants are **NOT** allowed.
 - Waterproof vaults are required for the interment of caskets.
 - No burial after the ground has frozen or snow cover is on the ground.
 - Please **DO NOT** throw any trash from the cemetery over the fences as the land over the fence is private property.
 - Generally we don't start burials until after May 1st depending on the weather and ground conditions.
 - The cemeteries are closed as of December 1st. Depending on weather conditions they may close earlier.

Anyone with questions or concerns can contact any Cemetery Trustee or the Town Office.

Respectfully Submitted,

BRENDA J. SILVER
PATRICIA E. INMAN
LINDA P. MOCK
Cemetery Trustees

REPORT OF THE PLANNING BOARD

The current economic climate has curtailed the number of subdivision applications. The Board approved two 2-lot subdivisions, one of which was combined with a lot line adjustment. One additional lot line adjustment was approved along with five voluntary mergers. Two site plan reviews were conducted and approved concerning commercial operations previously approved by the Zoning Board of Adjustment.

Four warrant items proposing Zoning Ordinance amendments were submitted for Town Meeting approval (Floodplain Regulations, On-site Wastewater Treatment, Growth Management and Groundwater Protection). All were approved. The Onsite Wastewater amendment has been modified and will be submitted for approval at this year's Town Meeting.

A Temporary Driveway Application for logging purposes was developed and

approved for use on a trial basis. Compliance with all aspects of the existing Driveway Regulations was thought to be too onerous for loggers.

The Legislature has enacted new rules, effective July of 2009, which will require towns to allow "Workforce Housing" in a majority of areas zoned as residential. Included in these rules is a requirement that towns allow multi-family rental dwellings of at least five units. The multi-family requirement is especially troublesome for Webster since the Town currently prohibits multi-family dwellings except for two unit dwellings by special exception. The Planning Board is currently studying the entire "Workforce Housing" issue to determine what the Town needs to do to comply. The multi-family requirement especially, as drafted by the Legislature, leaves many unanswered questions for small towns such as the existence of adequate fire protection and lack of public water and sewers. In this writer's opinion, the Legislature should go back to the drawing board on this one and determine what is feasible for small towns like Webster as opposed to larger towns and municipalities such as Manchester and Concord.

Respectfully submitted,

CLIFFORD G. BROKER
Chairman

CENTRAL NEW HAMPSHIRE REGIONAL PLANNING COMMISSION

Established in accordance with state law, the Central New Hampshire Regional Planning Commission (CNHRPC) is a voluntary association of 20 communities in Merrimack and Hillsborough Counties. The Town of Webster is a member in good standing of the Commission.

The Commission's mission is to comply with State Statute by preparing and adopting regional plans and a regional housing needs assessment and by evaluating developments of regional impact, to provide data, information, training, and high-quality, cost-effective services to our member communities, to advocate for our member communities and assist and encourage them in intermunicipal endeavors, and to coordinate our efforts with other regional planning commissions in New Hampshire.

On behalf of the Town of Webster in 2008, CNHRPC staff:

Provided technical assistance to local officials and citizens, as issues related to land use, transportation, environmental, economic, and general planning.

Received a grant to create a corridor management plan for the Currier and Ives Scenic Byway, which runs from the Salisbury-Franklin boundary to the Henniker-Hillsborough boundary.

In addition to the specific services described above, in 2008 the Central New Hampshire Regional Planning Commission:

- Held four Commission meetings (in February, June, September, and November) with programs including transportation policy in NH, the new workforce housing law, and green building techniques. CNHRPC Commission meetings are open to the public and interested citizens are encouraged to attend. Please refer to the calendar on our website for upcoming meetings and events.
- Coordinated workshops related to Planning Board process, land use/transportation planning issues, and Innovative Land Use techniques and hosted APA audioweb conferences.
- Conducted over 200 traffic counts throughout the region and analyzed

accident and other NH DOT data.

- Adopted a new Regional Transportation Plan and a Coordinated Transit Plan.
- Coordinated meetings of the CNHRPC Transportation Advisory Committee (TAC). The TAC:
 - Renders technical advice to the CNHRPC regarding transportation plans, programs, and projects;
 - Evaluates and ranks application for the Transportation Enhancement (TE) and Congestion Mitigation and Air Quality (CMAQ) programs. Each program is competitive statewide with more than 3 million dollars in federal funding per year for the TE program and 7 million for the CMAQ program.
 - Evaluates and ranks projects within the Regional Transportation Improvement Program (TIP). The Regional TIP provides an avenue for projects to be considered for inclusion within the Statewide 10 Year Transportation Improvement Plan which is the guiding document for all major highway improvements on State roads.
 - Reviews and recommends adoption of the Regional Transportation Plan.
- Provided continuing technical assistance to the Upper Merrimack River Local Advisory Committee (UMLAC) and the Five Rivers Conservation Trust.
- Through the N.H. Department of Environmental Services Regional Environmental Planning Program [environmental planning support to the nine regional planning commissions], 2008 REPP work items included editing and producing the first volume of an Innovative Land Use Techniques handbook and assistance to member communities in adopting ILU techniques.
- Through the N.H. Office of Energy and Planning, utilized Targeted Block Grant funds to update the CNHRPC Regional Housing Needs Assessment, to update the GIS system, and to provide technical assistance to local officials and communities.
- Prepared numerous grant applications for the region as a whole and on behalf of member communities, including EPA Brownfields/petroleum grants, local source water protection grants, HCPP (Housing and Conservation Planning Program) and “moose plate” grants, and Safe Routes to School grants.
- Updated our website to provide better access to land use, environmental, transportation, GIS, and other data.
- With the financial support of Concord 2020, developed and implemented an alternative transportation service “PATH” – Program for Alternative Transportation and Health – which encourages and provides incentives for people to rideshare, bicycle, walk, or take transit to work.
- On behalf of the New Hampshire Association of Regional Planning Commissions, with the generous financial support of New Hampshire Housing, NH Department of Environmental Services, CDFA, and NHARPC, planned and held the 2008 Fall Planning and Zoning Conference at Loon Mountain.

For additional information, please contact the CNHRPC staff or visit us on the internet at www.cnhrpc.org.

REPORT OF UNH COOPERATIVE EXTENSION – MERRIMACK COUNTY

UNH Cooperative Extension, the public outreach arm of the University of New Hampshire, has engaged New Hampshire residents for 94 years with a broad variety of non-formal educational offerings. One in four Merrimack County residents took advantage of at least one Extension program last year.

We offer programs in parenting, family finances, food safety, home gardening, 4-H (including clubs, camps, special interest programs and after school programs for children and teens), nutrition education for low-income families, and acculturation for refugee families. We respond to the needs of forest landowners, commercial farmers, niche growers, farmers' markets, and many other groups.

Merrimack County Extension educators also work extensively with towns and school districts, organizing and advising after-school programs, helping school and town groundskeepers maintain athletic fields, landscaped areas, and town forests. We provide guidance to community boards on current use, timber tax law, and other land-use issues. We also help social service agencies plan programs and stay current with the latest research and best practices.

Our county staff participate – and sometimes take leadership roles – in many State and local coalitions, among them the Franklin and Concord Asset Building Coalitions, the Concord Substance Abuse Coalition, the Timberland Owners Association, N.H. Farm and Forest Exposition Board, Ausbon Sargent Land Trust Outreach Committee, N.H. Association for Infant Mental Health, the State Marriage and Family Advisory Board, the N.H. Volunteer Administrators Association, and Pittsfield Youth Workshop.

Merrimack County Extension provides fact-sheet notebooks to all town libraries and our educators often appear on WTPL Radio (107.7 FM), which offers information to residents throughout the station's listening area.

UNH Cooperative Extension operates a statewide toll-free Info Line (1-877-398-4769) at our Family, Home & Garden Education Center, staffed Monday through Friday, 9:00 a.m. – 2:00 p.m., and 5:00 p.m. to 7:30 p.m. on Wednesday evenings. Last year, the Info Line handled nearly 700 requests from Merrimack County residents.

Finally, UNH Extension trains and supports more than 5,000 volunteers statewide: 4-H leaders, master gardeners, wildlife coverts, community tree stewards, water quality monitors, marine docents, and others, who extend the reach of Extension programs into many domains of New Hampshire life. If volunteer opportunities interest you, please call Merrimack County Extension Office at 225-5505 or 796-2151, or stop by the office at 315 Daniel Webster Highway in Boscawen next to the County Nursing Home on Route 3.

Extension also distributes a wide range of information from our Web site: www.extension.unh.edu.

REPORT OF THE WEBSTER CONSERVATION COMMISSION

First and most importantly, the WCC would like to thank the Town for supporting us at the 2008 Town Meeting by voting to add \$5,000 to the Land Trust

Fund. The money will be used to support land conservation in Webster that will help us achieve our mission to preserve the rural character of our Town. More information about the Land Trust Fund can be found on our web page that was created in conjunction with the rollout of the Town's new website. We were excited to launch our own web page where we post all of our agendas and meeting minutes, giving residents an easy and accessible way to keep up with our activities.

(http://websternh.virtualtownhall.net/Pages/WebsterNH_Conservation/index)

It contains helpful links, a place to post useful conservation information, and our mission statement. A link to our page can also be found on the NH Association of Conservation Commissions website as well.

Our Natural Resource Inventory received a boost with the help of former resident, Adam Bronstein, who produced some fabulous maps for us. The maps assist us in identifying areas of particular conservation interest and show us where areas of significance overlap. As new land conservation projects emerge, the inventory and supporting maps allow us to focus limited funds on the most important projects with the highest conservation value.

We continue to work with the Ausbon Sargent Land Trust on phase IV of the Courser Project that will protect over 300 acres in Webster. They successfully closed on phase III of the Courser project at the end of 2008 protecting 440 acres in the Schoodac Brook watershed in Warner and Webster. As more land owners choose to protect parcels of their land, while still preserving forestry, recreational and agricultural pursuits, new land conservation projects continue to present themselves. With your continued enthusiasm, generosity and support, we will be prepared to assist them when they do.

Respectfully submitted,

MARYJO MacGOWAN
Chairman

Members of the WCC: Jack Chwasciak, Nancy Clark, Jane Difley, Sally Embley, Betsy Janeway, Susan Roman, Nancy Van Loan

REPORT OF THE VISITING NURSE ASSOCIATION OF FRANKLIN

The Franklin VNA and Hospice continues to provide quality home health care services to the residents of Webster. It is an honor to serve our neighbors and their families when they are in need of professional health care provided in the comfort of their homes. In the past year we have made 344 visits to residents of Webster, and have logged 64,161 miles agency-wide. We have provided blood pressure clinics and flu clinics to support the disease prevention efforts of our neighbors. We are committed to providing excellence in patient care.

Our Hospice program continues to grow in our communities. This year we contracted with Mountain Ridge Genesis Nursing Home to provide Hospice care to some of their residents who meet hospice criteria. We have really enjoyed getting to know their staff and have collaborated to explore ways to work to-

gether to meet the patients' care needs. We hope to expand our nursing home contracts to other area facilities.

In 2007 we applied for and received a grant from Franklin Savings Bank to upgrade and expand our HomMed telemonitoring program. This summer we were able to complete that process by purchasing a new monitor operating system and leasing seven new units to place in patient homes. This allows us to provide an efficient method of assessing fragile patients in their homes daily without making an extra nursing visit. We have been able to prevent hospitalization of several patients and picked up on impending changes in others. This is an effective use of technology as an intervention in home care. In the past year we have provided home monitoring for 29 patients.

In January of 2008 the Centers for Medicare and Medicaid significantly changed the tools used to assess the patient, the formulas applied to those assessments which determine the payments we receive, and many of the codes used to convey the nature of the patient's diagnosis and, therefore, severity of illness. It has taken several months to get accustomed to these changes and we are now seeing the impact on our financial picture. We experienced a 2.73% Medicare cut in 2008 and we will see another 2.73% cut in 2009. Our challenge is to increase the numbers of patients taken under care, accurately assess them and provide for their care needs efficiently in an effort to offset the reimbursement cuts we have received. We are currently enjoying a fully staffed clinical team who demonstrate the highest level of commitment and caring. We are blessed to have them and the support staff who keep our agency running smoothly.

Webster is represented on our Board of Directors by Janet Broker and Kitty Fifield.

REPORT OF THE HOPKINTON/WEBSTER MSW FACILITIES

The Hopkinton/Webster MSW Facilities had another busy year in 2008. Around 7,000 tons of materials, in about 30 different categories, were recycled or properly disposed of. Environmental consciousness and fiscal responsibility has been the operational focus.

The amount of household trash disposed of declined, and the percentage recycled increased, for the second straight year. Over 40 tons of potentially hazardous items, such as electronics, were shipped to processors and the percentage of Construction & Demolition debris recycled into fuel and aggregates increased from 40% to 48%.

Revenue was up in 2008 and the proposed 2009 Transfer Station budget is less than the 2007 Transfer Station budget. The collapse of recycling markets will have an impact on recycling revenue in 2009 but other revenues are expected to be up and cost-containment and revenue maximization initiatives are always in the works. Recycling will continue to save the communities money in 2009 regardless of recycling market conditions.

The Hopkinton/Webster Landfill Committee, which is chartered by voters to make operational and policy recommendations to the respective Select Boards, was revived in 2007 and very active in 2008. The committee reviewed policies, fees, and general operations. Budget expenses and revenue sources

were discussed and strategies such as Single Stream Recycling and Pay-As-You-Throw were evaluated. Recommendations were made to the Boards in all of these areas.

There will be plenty of challenges looking forward to 2009 and beyond but a commitment has been made to provide Hopkinton and Webster with Environmentally sound solid waste management practices in a fiscally responsible manner. Short and long term planning is an ongoing process that recognizes that there are always more improvements to be made. Residents will continue to get their money's worth of these necessary municipal environmental services.

Respectfully submitted,

STEVE CLOUGH
Asst. PW Supt., Waste
Town of Hopkinton

REPORT OF THE CONCORD REGIONAL SOLID WASTE/RESOURCE RECOVERY COOP. – 2008 BUDGET

1. Wheelabrator Concord Company Service Fee	\$3,923,091
2. Reconciliation	50,000
3. Bypass disposal Cost Reserve	224,000
4. Franklin Residue Landfill	
a. Operation and Maintenance	\$2,490,337
b. Expansion Sinking Fund	0
c. Closure Fund	84,000
d. Long Term Maintenance Fund	<u>129,000</u>
Total	\$2,703,337
5. Cooperative Expenses, Consultants & Studies	477,245
TOTAL BUDGET	\$7,377,673
6. Less: Interest, surplus, and over GAT	<u>-1,487,000</u>
Net to be raised by Co-op Communities	\$5,890,673

2009 GAT of 128,332 and Net Budget of \$5,890,673 =

Tipping Fee of \$45.90 per ton

We are happy to report to all member communities that 2008 marked our nineteenth complete year of successful operations. Some items of interest follow:

The 2009 budget reflects a tipping fee of \$45.90 per ton. This represents an increase of \$3.35/ton. We can expect a substantial increase in the tipping starting in 2010 as the new contract with Wheelabrator goes into effect.

A total of 127,061 tons of Co-op waste was delivered to the Wheelabrator facility this year. This represents a decrease of 7,297 tons from 2007.

A total of 60,921 tons of ash were delivered to the Franklin ash monofill for disposal. The ash landfill continues to operate very well. Phase IV Stage I is being filled at this time. Phase V construction has been completed and will provide disposal capacity through 2014.

The Joint Board has approved the continued exploration of the idea of building a single stream recycling facility to improve recycling rates and offset the increased tipping fees. The Co-op has visited several single stream facilities and has contacted many communities in an effort to determine interest in joining with the Co-op in this effort. A final decision is expected to be made in May of 2009.

REPORT OF THE HISTORY COMMITTEE

The Presidential Primary was held January 8, 2008. There were 1,188 voters on the checklist to start, 118 new voters registered that day with 903 voting. Barack Obama received 191 votes, Hillary Clinton 181, John Edwards 104 and several others with fewer votes for the Democrats. For the Republicans, John McCain received 154 votes, Romney 92, Huckabee 46 and the rest received fewer votes.

The Town Warrant and Budget Hearing was held on February 12, 2008. This annual event was hosted by the Daniel Webster Grange.

Snow was the topic of conversation as Concord officially had 102 inches through February 27; by the end of the season it was the second highest snow amount on record. I think we were all sick of shoveling and plowing snow.

Some Pillsbury Lake residents would like to dissolve their Water District as they have their own wells and do not use the District's wells. It was voted on at their Annual Meeting and failed, 98 no to 32 yes. A 2/3 vote was required.

The Annual Merrimack School District meeting was held at the High School on March 12. A \$33.6 million budget was approved.

The Webster Town Meeting to vote for officers and Planning and Zoning ordinances was held on March 11, 2008. The Town Budget and Warrant discussion was held March 15, 2008. The budget was set at \$1.6 million, a rise of 4.6 percent. It was voted to discontinue the following Class VI roads at Pillsbury Lake: Amherst, Danbury and Rogers Drives and Wentworth Circle, but not Pond Hill and Gerrish Roads.

The owners of Cold Brook, Jim and Tina Schindelwig, are trying to add more campsites to the campground. They were denied by the Zoning Board because they have added buildings and campsites without prior permission. There is now a lawsuit pending.

Sorry to report the death of our dedicated public servant, Town Clerk, Barbara Hochrein.

The New England Championship Canoe and Kayak races had to be cancelled due to high water.

There was a fire at the home of Randy Inman, 1604 Battle Street. He has since rebuilt.

A Memorial Day Celebration hosted by Webster's Old Meeting House members was held May 30, 2008. The Webster Elementary School children provided a program, then placed flowers on the graves of Veterans at Corser Hill Cemetery.

The traditional Webster Community Summer suppers started July 5th. They are sponsored by the Church, Grange and Women's Union. Only five (5) suppers were held due to a conflict with the rental of the Town Hall.

Another year without an Old Home Day. The choir of the Webster Church sponsored a Chicken Barbecue on August 16. Old Home Sunday was observed at the Church with Ronald Frost, a lifetime resident and former Selectman, as guest speaker.

The 1st Annual Barbara Hochrein Memorial Gold Tournament was held August 15 at the Loudon Country Club. The golf tournament was followed with a chicken barbecue. The proceeds go to a fund for an annual award to a student furthering his/her education. It was given this year to Charlotte Evanofski who is attending Syracuse University.

The Webster Congregational Church sponsored its annual Food Booth at the Hopkinton Fair. Many people – residents, non-residents, friends of friends – help to keep this money maker going. It did very well.

The Webster PTO hosted the Town-Wide Yard sale on a beautiful September 20th weekend.

The last Wooden Bowl Company is now at the former Cowdrey's Country Store on Battle Street. It is owned by Paul Silberman.

In October, the stock market fell to an all time low. Several large banks, insurance companies and financial institutions closed. Large retail stores went bankrupt. The three (3) big U.S. auto companies, Ford, GM and Chrysler were close to closing and asked the U.S. Government for financial help. A large number of companies downsized, laying employees off. This down turn in the economy has really hit some residents hard, especially seniors counting on their interest and dividends from stocks and bonds to survive.

A record number of residents turned out to vote on November 4. There were 1,109 voters on the checklist to start and 102 new voters registered that day. At 8:00 AM the line went out the door to the road but after that the wait wasn't too bad. Barack Obama got 595 votes to John McCain's 490. Across the nation, Obama won big.

Last winter we had lots and lots of snow, but just missed the record of 122 inches. Then we had rain. The year 2008 was declared the wettest in Concord ever.

On December 12 we had snow, rain and a terrible ice storm. Power was lost to over 400,000 homes in New Hampshire. Trees, electric power poles and lines were down across roads and on some homes. People were without lights and heat from a few hours to over two (2) weeks during cold weather. Most of the residents on the north end of Webster with Unitil got power back within a couple of days, but PSNH customers, which includes Pillsbury Lake and the southern part of Webster, were in the dark and cold for six (6) to seven (7) days. The lucky homeowners were the ones with generators because they could have heat, lights and water.

Can you remember when gas was five (5) gallons for \$1.00? It was very

different this summer when it was \$4.00 per gallon. It is now down to \$1.50 per gallon. Heating oil was up to close to \$5.00 a gallon, but it has dropped to \$2.50. Many people locked in at the higher price as prices were predicted to go even higher; they are now stuck paying the higher price. Wood was selling around \$175.00 a cord, then jumped to \$300.00 a cord by some dealers this winter.

Food prices jumped accordingly with transportation costs increasing.

TEACHERS AT WEBSTER ELEMENTARY SCHOOL

Kindergarten	Janet Lemire
Grade 1	Gwen Hall
Grade 2	Linda Kimball
Grade 3	Cheri Perelli
Grade 4	Daniel Diachenko
Grade 5	Nancy Dobe
Building Aide	Laurel Foss
Secretary	Helen Brannigan
Principal	Sandra Davis

Junior Troop – Karla Silver

Junior Troop – Tracy Balch

Seniors Troop – Terry Ohlson-Martin

Seniors Troop – Charlene Vary & Mary Evanofski

MINUTES OF THE WEBSTER TOWN MEETING MARCH 11, 2008 and MARCH 15, 2008

THE POLLS WERE OPEN FROM 10:00 A.M. TO 7:00 P.M. TO ACT ON ARTICLES 1 through 6

1. Results of the balloting were as follows:

OFFICE	# YRS. TERM	NAME	#OF VOTES
Selectman	3	David Klumb	143
Tax Collector	1	Madeleine L. Roberts	156
Town Clerk	1	Barbara Hochrein	155
Treasurer	1	Mary Welch	147
Library Trustee	3	Sandra Starkey	154
Cemetery Trustee	3	Brenda Silver	144
Trustee of Trust Funds	3	Judith Jones	140
Supervisor of the Checklist	6	Jane Millon	144
Moderator	2	Harold Janeway	133

157 ballots cast – (includes 1 absentee ballots)

2. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the existing Webster Zoning Ordinance as follows? (By Ballot)

Amend the floodplain ordinance as necessary to comply with requirements of the National Flood Insurance Program.

The Planning Board recommends this article.

(This amendment updates the existing Article IX, Flood Plain Development, to be in compliance with the Federal Emergency Management Agency (FEMA) regulations.

YES – 135

NO – 20

3. Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the existing Webster Zoning Ordinance as follows? (By Ballot)

7. ONSITE WASTEWATER TREATMENT:

- A. No cesspool, or sewage disposal leach field, including the associated limits of disturbance, shall be constructed less than one hundred (100) feet from wetlands and surface waters or from wells. Septic tanks must be at least seventy-five (75) feet from a private water supply well. No cesspool, septic tank or sewage disposal system shall be constructed within seventy-five (75) feet of drainage swales and/or storm water detention basins.
- B. No waste waters or sewage shall be permitted to run free into wetlands or surface waters or be discharged in any way that may be offensive or detrimental to the health of others. All such waste shall be conveyed away

underground through use of an accepted sanitary system or in such a way that it will not be offensive or detrimental to health.

- C. All sanitary systems shall be constructed and maintained in accordance with standards set and enforced by the New Hampshire Department of Environmental Services.
- D. Where ledge and/or high seasonal water tables are involved, at least four (4) feet of in-place soil shall exist above ledge or any other impermeable strata and two (2) feet of in-place soil shall exist above the seasonal high water mark before fill.
- E. The Town Septic Inspector may waive the provisions of this section for the repair or replacement of pre-existing septic systems.

(This amendment will be added under Article IV, Lot Area and Yard Requirements, Section 7.)

YES – 118

NO – 39

- 4. Are you in favor of the adoption of Amendment No 3 as proposed by the Planning Board for the existing Webster Zoning Ordinance as follows? (By Ballot)**

ARTICLE VII GROWTH MANAGEMENT

- 1. Growth Management and Timing of Development – Authority and Purpose**

This Article is enacted pursuant to the authority granted by NH RSA 674:22 as amended. It is intended to regulate and control the timing of development in accordance with the objectives of each of the Town of Webster's Master Plan and Capital Improvements Plan. These two documents assess and balance the community development needs of the Town of Webster and consider regional development needs. This Article allows the orderly growth of population and development at a rate that avoids placing an undue strain and burden upon existing and planned Town services, schools, roads and other infrastructure.

- 2. Annual Building Permit Limitation**

- A. The number of building permits issued in a calendar year for new residential dwelling units is limited to an amount that is 4.0% of total dwelling units in the Town of Webster as of December 31 of the prior year. When the maximum number of building permits has been issued the building inspector may continue to accept applications for placement on a waiting list. Any waiting list will be discarded at the end of each calendar year.
- B. For the purpose of this Article, the December 31 base of dwelling units shall be the number of buildings valued at \$5,000 or greater according to the Town of Webster property tax data base as of December 31.

- 3. Equitable Distribution of Building Permits**

The Town shall issue building permits on a "first come, first serve" basis provided, however, that no more than three (3) permits per year will be issued to any individual, corporation, partnership, or entity.

4. Expiration

This Article shall expire at 11:59 p.m., March 31, 2010.

(This amendment will replace Article VII Grown Management upon the expiration of the current Article VII.) (A full copy is on file at the Town Clerk's Office during regular business hours.) (By Ballot)

YES – 128 NO – 26

5. Are you in favor of the adoption of Amendment No. 4 to the existing Webster Zoning Ordinance as submitted by Petition as follows? (By Ballot)

“The number of building permits issued in a calendar year for new residential dwelling units in the Pillsbury Lake Community shall be limited to no more than 2% of the number of dwelling units in the Pillsbury Lake Community as of December 31 of the prior year. When the maximum number of permits has been issued the Building Inspector may continue to accept applications for placement on a waiting list. Any waiting list will be discarded at the end of each calendar year.”

(This Petition Amendment is approved by the Planning Board.)

(This Amendment will be added as Article VII-A, Growth Management Pillsbury Lake.) (By Ballot)

YES – 116 NO – 37

6. Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board to the existing Webster Zoning Ordinance as follows?

I. AUTHORITY

The Town of Webster hereby adopts this Ordinance pursuant to the authority granted under NH RSA 674:16, in particular NH RSA 674:16, II relative to innovative land use controls.

II. PURPOSE

This Ordinance is intended to preserve, maintain, and protect from contamination, existing and potential groundwater supply and groundwater recharge areas of known aquifers, as delineated by the United States Geological Survey (as identified on the Town of Webster Drinking Water and Aquifer Location Map, as updated from time to time, available in the Town Office), thereby assuring the proper use of natural resources and thus protecting public health, safety and general welfare of the people in the Town of Webster.

Additional purposes include, but are not limited to: a) assuring adequate private and public drinking water supply; b) assuring the hydrologic integrity of surface waters and wetlands; c) reducing the effects of non-point source pollution; d) protecting in-stream habitat for fish and wildlife; e) limiting the development of structures and land uses which contribute to the pollution of ground water by sewage and hazardous substances; f) encouraging those uses that can be safely and appropriately located in the District, as defined in Section IV below; g) assuring adequate water supply for domestic, agricultural, commercial and industrial uses; and h) assuring adequate water supply for recreational uses.

The standards used in this Ordinance reflect the recommendations of the Town of Webster Master Plan, 2005. This Ordinance imposes additional requirements and restrictions to those of the underlying district zoning. In all cases the more restrictive requirement(s) shall apply.

III. DEFINITIONS

- A. Aquifer: a geologic formation composed of rock, sand, or gravel that contains significant amounts of potentially recoverable water.
- B. Petroleum bulk plant or terminal: that portion of the property where petroleum products are received by tank vessel, pipeline, tank car, or tank vehicle and are stored or blended in bulk for the purpose of distributing such liquids by tank vessel, pipeline tank car, tank vehicle, portable tank, or container.
- C. Designated agent: the person designated by the Planning Board to carry out its inspection and other duties with respect to this Ordinance.
- D. Groundwater: subsurface water that occurs beneath the water table in soils and geologic formations.
- E. Gasoline station: that portion of a property where petroleum products are received by tank vessel, pipeline, tank car, or tank vehicle and distributed for the purposes of retail sale of gasoline.
- F. Hazardous waste: "hazardous waste" as defined in NH RSA 147-A:2, VII.
- G. Impervious: not readily permitting the infiltration of water.
- H. Impervious surface: a surface through which regulated contaminants cannot pass when spilled. The term includes concrete and impervious asphalt unless unsealed cracks or holes are present, but does not include earthen, wooden, or gravel surfaces or other surfaces that could react with or dissolve when in contact with the substances stored on them.
- I. Junkyard: an establishment or place of business which is maintained, operated, or used for storing, keeping, buying, or selling junk, or for the maintenance or operation of an automotive recycling yard, and includes garbage dumps and sanitary landfills. The word does not include any motor vehicle dealers registered with the director of motor vehicles under NH RSA 261:104 and controlled under NH RSA 236:126.
- J. Outdoor storage: storage of materials where they are not protected from the elements by a roof, walls, and a floor with an impervious surface.
- K. Public water system: a system for the provision to the public of piped water for human consumption, if such system has at least 15 service connections or regularly serves an average of at least 25 individuals daily at least 60 days out of the year.
- L. Regulated substance: with the exception of (1) ammonia, (2) sodium hypochlorite, (3) sodium hydroxide, (4) acetic acid, (5) sulfuric acid, (6) potassium hydroxide, (7) potassium permanganate, and (8)

propane and other liquefied fuels which exist as gases at normal atmospheric temperature and pressure, regulated substances include any of the following:

- (1) Oil as defined in NH RSA 146-A:2, III;
 - (2) Any substance that contains a regulated contaminant for which an ambient groundwater quality standard has been established pursuant to NH RSA 485-C:6; and
 - (3) Any substance listed in 40 CFR 302, 7-1-05 edition.
- M. Sanitary protective radius: the area around a public water supply well which must be maintained in its natural state as required by Env-Ws 378 or 379 (for community water systems); Env-Ws 372.12 and Env-Ws 372.13 (for other public water systems).
- N. Secondary containment: a structure such as a berm or dike with an impervious surface which is adequate to hold at least 110% of the volume of the largest regulated-substances container that will be stored there.
- O. Snow dump: a location where snow, which is cleared from roadways and/or motor vehicle parking areas, is placed for disposal.
- P. Stratified-drift aquifer: a geologic formation of predominantly well-sorted sediment deposited by or in bodies of glacial meltwater, including gravel, sand, silt, or clay, which contains sufficient saturated permeable material to yield significant quantities of water to wells.
- Q. Surface water: streams, lakes, ponds and tidal waters, including marshes, water-courses and other bodies of water, natural or artificial.
- R. Wellhead protection area: the surface and subsurface area surrounding a water well or wellfield supplying a community public water system, through which contaminants are reasonably likely to move toward and reach such water well or wellfield.

IV. GROUNDWATER PROTECTION DISTRICT

The Groundwater Protection District (the "District") is an overlay district superimposed over the existing underlying zoning and includes within its boundaries,

- (1) all of the Wellhead Protection Areas for public water supply wells as defined under Article III, part (R) of this Ordinance.; and
- (2) the Stratified Drift Aquifer(s) shown on the Town of Webster Drinking Water and Aquifer Location Map, dated November 15, 2007, which map may be amended from time to time.

V. APPLICABILITY

This Ordinance applies to all uses in the Groundwater Protection District, except for those uses exempt under Article XI (Exemptions) of this Ordinance.

VI. PERFORMANCE STANDARDS

The following Performance Standards apply to all uses in the Groundwater Protection District unless exempt under Article XI:

- A. Animal manures, fertilizers, and compost must be stored in accordance with Manual of Best Management Practices for Agriculture in New Hampshire, NH Department of Agriculture, Markets, and Food, August 2005, and any subsequent revisions;
- B. All regulated substances stored in containers with a capacity of 5 gallons or more must be stored in product-tight containers on an impervious surface designed and maintained to prevent flow to exposed soils, floor drains, and outside drains;
- C. Facilities where regulated substances are stored must be secured against unauthorized entry and must be inspected weekly by the facility owner;
- D. Outdoor storage areas for regulated substances, associated material or waste must be protected from exposure to precipitation and must be located at least 75 feet from surface water or storm drains, at least 100 feet from private wells, and outside the sanitary protective radius of wells used by public water systems;
- E. Secondary containment must be provided for outdoor storage of regulated substances if an aggregate of 100 gallons or 800 lbs. or more of regulated substances are stored outdoors on any particular property;
- F. Containers in which regulated substances are stored must be clearly and visibly labeled and must be kept closed and sealed when material is not being transferred from one container to another;
- G. Prior to any land disturbing activities, all inactive wells on the property, not in use or properly maintained at the time the plan is submitted, shall be considered abandoned and must be sealed in accordance with We 604 of the New Hampshire Water Well Board Rules.

VII. PERMITTED USES

All uses permitted by right or allowed by special exception in the underlying district are permitted in the Groundwater Protection District unless they are Conditional Uses or Prohibited Uses. All uses must comply with the Performance Standards unless specifically exempt under Article XI.

VIII. PROHIBITED USES

Development or operation of the following are prohibited in the Groundwater Protection District:

- A. A hazardous waste disposal facility as defined under NH RSA 147-A, or any other facility that generates, treats, or stores hazardous waste, subject to Env-Wm 500-900;
- B. A solid waste landfill, solid waste transfer station and/or recycling facility, incinerator, or composting facility;

- C. A junkyard;
- D. A snow dump;
- E. A wastewater or seepage lagoon;
- F. Any use that involves outdoor storage of road salt or other deicing chemicals in bulk;
- G. Any use that will render impervious more than 15% or more than 2,500 square feet of any lot, whichever is greater;
- H. Any use involving deposition of sludge;
- I. Any underground storage tank used or intended to be used to store or contain any Regulated Substance.

IX. CONDITIONAL USES

- A. The following uses, if otherwise permitted in the underlying district, are permitted in the District only upon the approval of the Planning Board and the issuance of a Conditional Use Permit signed by the Board or its authorized agent:
 - 1. The storage, handling or use of regulated substances in quantities exceeding 100 gallons or 800 pounds dry weight at any one time;
 - 2. The development or operation of any one or more of the following: a gasoline station; a petroleum bulk plant or terminal; an automotive service and/or repair shop; a commercial campground; a car wash, a laundromat, and/or a dry cleaner.
- B. In granting such approval and prior to issuing a Conditional Use Permit, the Planning Board must first determine, and it is the burden of the applicant to demonstrate to the satisfaction of the Board, each of the following:
 - 1. that the proposed use is not a prohibited use under this Ordinance or any other Town of Webster Ordinance;
 - 2. that the proposed use will be in compliance with all other requirements of this Ordinance, as well as all applicable local, state, and federal requirements;
 - 3. that an adequate spill prevention, control and countermeasure (SPCC) plan will be implemented for the proposed use and is approved by the local Fire Chief and any other designated Health Officer and/or Emergency Management Officer for the Town. The SPCC plan must convince the Board and the Fire Chief and/or other officer that due diligence efforts will be made to prevent release of regulated substances due to ordinary or catastrophic events such as spills, floods, or fires and that, in the event that said due diligence efforts prove to be inadequate, procedures and facilities will be in place to contain and minimize any release of regulated substances. The SPCC plan shall at minimum include:
 - (a) a description of the physical layout and a facility diagram, including all surrounding surface waters; (b) a contact list and phone numbers for the facility response coordinator, cleanup contractors, and all appropriate federal, state, and local agencies that must be contacted in case of a release to the environment; (c) a list of all regulated substances in use and locations of use and storage; (d) a prediction of the direction, rate of flow, and total quantity of regulated substance that could be released where experience indicates a potential for equipment failure; (e) a description of containment and/or diversionary structures or equipment to prevent regulated substances from infiltrating into the ground;

4. that an adequate stormwater management and pollution prevention plan that includes information consistent with Stormwater Management For Industrial Activities: Developing Pollution Prevention Plans and Best Management Practices. (US EPA, 1992) has been developed for the proposed use. The plan shall demonstrate that the use will:
 - (a) minimize, through a source control plan that identifies pollution prevention measures, the release of regulated substances into stormwater;
 - (b) demonstrate that recharge to groundwater will not result in violation of Ambient Groundwater Quality Standards (Env-Ws 410.05) at the property boundary;
 - (c) stipulate that expansion or redevelopment activities shall require an amended stormwater plan and may not infiltrate stormwater through areas that may contain contaminated soils without completing a Phase I Assessment in conformance with American Society of Testing and Materials (ASTM) E 1527-05 (also referred to as All Appropriate Inquiry (AAI)).

X. EXISTING NONCONFORMING USES

- A. Any nonconforming use may continue and may be maintained, repaired and/or replaced, and to the extent that it shall be made less nonconforming, improved, unless such use is determined to be an imminent hazard to public health and safety by the Selectmen and/or Health Officer. Any such nonconforming use must be in compliance with all applicable state and federal requirements, including Env-Ws 421, Best Management Practices Rules. No nonconforming use may be expanded, changed to another nonconforming use, or renewed after it has been discontinued for a period of 12 months or more.
- B. Notwithstanding subparagraph X.A above, underground storage tanks for petroleum, other refined petroleum products, or any other Regulated Substance may not be repaired. All failed underground storage tanks must be removed according to standards established in state statutes and regulations.

XI. EXEMPTIONS

The following uses are exempt from the specified provisions of this Ordinance as long as they are in compliance with all applicable local, state, and federal requirements:

- A. Any private residence that does not have a business, commercial or industrial use on the premises is exempt from all Performance Standards;
- B. Any business, commercial, or industrial use where regulated substances are not stored in containers with a capacity of 5 gallons or more is exempt from Article VI, Performance Standards, sections C through F;
- C. Storage of heating fuels for on-site use or fuels for emergency electric generation, provided that storage tanks are indoors on a concrete floor or have corrosion control, leak detection, and secondary containment in place, is exempt from Performance Standard C;
- D. Storage of motor fuel in tanks attached to vehicles and fitted with permanent fuel lines to enable the fuel to be used by that vehicle is exempt from Performance Standards C-F.
- E. The sale, transportation, and use of pesticides as defined in NH RSA 430:29 XXVI are exempt from all provisions of this Ordinance;
- F. Mobile fuel transfer tanks used for refueling purposes which have a capacity of 150 gallons or less are exempt from Performance Standard

XII. RELATIONSHIP BETWEEN STATE AND LOCAL REQUIREMENTS

Where both the State and the Town have existing requirements, the more stringent shall govern.

XIII. INSPECTION

Inspections may be required to verify compliance with this Ordinance. All uses governed by this Ordinance may be subject to such inspections. Such inspections shall be performed by the Planning Board's designated agent. The Selectmen may require a fee for compliance inspections. The fee shall be paid by the property owner. A fee schedule shall be established by the Selectmen as provided for in NH RSA 41-9:a.

XIV. ENFORCEMENT PROCEDURES AND PENALTIES

Any violation of the requirements of this Ordinance shall be subject to the enforcement procedures and penalties detailed in NH RSA 676.

XV. SAVING CLAUSE

If any provision of this Ordinance is found to be unenforceable, such provision shall be considered separable and shall not be construed to invalidate the remainder of the Ordinance.

XVI. EFFECTIVE DATE

This Ordinance shall be effective upon adoption by the Town legislative body.

(This amendment will become Article XII of the Zoning Ordinance.) (By Ballot)

YES – 116

NO – 36

BUSINESS MEETING WAS HELD AT THE TOWN HALL ON SATURDAY, MARCH 15, 2008 AT 10:00 A.M. TO ACT UPON THE FOLLOWING SUBJECTS

Moderator Harold Janeway called the Annual Town Meeting to order at 10:00 A.M. on March 15, 2008. He then invited Clarence Jeffrey to lead the townspeople in the Pledge of Allegiance.

Moderator Janeway noted that this was the first time in many years that Town Clerk Barbara Hochrein was not with us. She has returned home and sends her best wishes to all. As stipulated by her Doctors she is unable to receive visitors at this time.

Moderator Janeway then welcomed Deputy Town Clerk Michele St. Jacques, jokingly asking the townspeople to give her a break and a little slack.

Results of Tuesday's Election were read by Moderator Janeway.

7. It was voted to discontinue the Town Road Improvements Capital Reserve created on March 10, 1992 under Warrant Article 20 and expended on March 12, 1996 under Warrant Article 21 at which time the Town voted to withdraw the sum with interest to date of withdrawal, leaving a zero balance.

Chairman George Hashem advised that this was a housekeeping measure.

PASSED BY VOICE VOTE

8. It was voted to appoint the Board of Selectmen and the Fire Chief as Agents to expend from the existing Medical Equipment Capital Reserve established at the 1996 Town Meeting.

Chairman Hashem advised that without agents to expend, all requests would have to come before the Town Meeting.

PASSED BY VOICE VOTE

9. It was voted to raise and appropriate the sum of Twenty Thousand (\$20,000) to be added to the previously established Highway Land/Building Fund. This sum is to come from fund balance (surplus) and no amount will be raised from taxation.

Chairman Hashem explained that this was the same as last years' request. Someone inquired as to what affect would there be if the money were put towards something else. Chairman Hashem advised that the funds would only come from surplus if the money were available.

PASSED BY VOICE VOTE

10. It was voted to raise and appropriate the sum of Twenty Thousand Dollars (\$20,000) to create an Expendable Trust Fund under the provisions of 31:19-a, to be known as the Legal Expendable Trust Fund for the purpose of covering unexpected legal expenses that may come before the Town and to appoint the Board of Selectmen as Agents to expend. This sum is to come from fund balance (surplus) and no amount will be raised from taxation.

Chairman Hashem advised that the Board is in hopes of building a legal reserve, as this is always an unknown expenditure, with the anticipation of lowering the annual Legal Budget line.

PASSED BY VOICE VOTE

11. It was voted to raise and appropriate the sum of Twenty-four Thousand One Hundred Two Dollars (\$24,102) to cover the cost of the third and final year's payment of a three-year lease of the Fire Department Self Contained Breathing Apparatus (SCBA).

PASSED BY VOICE VOTE

12. To see if the Town will vote to raise and appropriate the sum of One Thousand Six Hundred Sixty-nine Dollars (\$1,669) for the purchase of three (3) Police Ballistic Vests for the Police Department.

Police Chief Brian Milano requested this Article be increased to \$3,338 in order to purchase a total of six vests, with the Federal Government Grant reimbursing ½ the amount or \$1,669. The total amount to be raised by taxation would be \$1,669. Chairman Hashem made a motion that the gross amount be amended to \$3,338 for the purchase of six Police Ballistic Vests; seconded by Roy Fanjoy. When asked if the Board approved of this amendment, the other Selectmen said they approved as long as the second \$1,669 is contingent upon receipt of Federal Grant money. Selectman Mullins made the motion to amend the amendment to read "To see if the Town will vote to raise and appropriate the sum of \$1,669 for the purchase of three Police Ballistic Vests and an additional \$1,669 for the purchase of another three vests, this second purchase to be contingent upon receipt and acceptance of a Federal Grant; seconded by Fred Goodnow.

THE AMENDED AMENDMENT PASSED BY VOICE VOTE
THE AMENDED ARTICLE 12 PASSED BY VOICE VOTE.

13. It was voted to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) to help offset the cost of the bond for "Funds to Repair Dam" passed at the Pillsbury Lake Water District Special Meeting held August 5, 2006.

Selectman Klumb explained that when it was first recommended that the Town help defray the cost, the logic was that repairing the Dam kept the property values up, thereby helping the Town's net valuation. Robert Drown inquired as to how many years the bond was for. Selectman Klumb advised that it was a 25 year bond. Mr. Drown noted that it would be nearly \$250,000 that the Town would contribute if the article passed every year and felt the Town had met their obligation to help last year and made a motion to defeat this article. Moderator Janeway noted that if the article failed, then that would defeat the article. Mary Jane Turcotte noted that the District's valuation did not decrease because of the lack of water.

PASSED BY VOICE VOTE

14. It was voted to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) to create a Capital Reserve under the provisions of RSA 35:1, to be known as the Webster/Hopkinton Transfer Station Equipment Fund for the purpose of future purchases of landfill equipment and to designate the Board of Selectmen as Agents to expend.

Chairman Hashem advised that in the last few years the Town of Hopkinton has purchased equipment without notifying Webster. Webster was then surprised with a bill, which recently happened with the purchase of a loader with Webster's share being \$26,500. Hopkinton has graciously allowed the Town to make payments over the next five years for the loader. The purpose of this article is to allow the Town to have funds available for future purchases as Hopkinton has plans to purchase expensive but necessary items for the landfill. Selectman Mullins advised that, though the Town had not had any input in the budget process for many years, this is currently changing with a Landfill Committee participating from both Towns, noting that Mr. Drown is on the Committee. Jere Buckley questioned if this article was worded sufficiently for landfill equipment to adequately cover all that is being discussed. Selectman Mullins noted that the Board is trying to avoid surprises by planning ahead for such things as loaders, scales, compactors, trailers, etc. all needing replacement periodically. Sally Embley spoke about plans for an environmental center, a swap shop, etc. and questioned if this fund would cover those expenses. Selectman Mullins advised that these are items the Hopkinton Recycling Committee is planning and that this Committee is not a recognized Committee under the current Agreement, only an advisory body. Mary Jo MacGowan, as a member of the Recycling Committee, advised that what Mrs. Embley is referring to is actually a project of Steve Clough, head of the Landfill, not recycling. Gordon Welch, Landfill Committee Member, noted that timber is cut from the landfill site and used for construction of buildings such as just mentioned. This reserve will be for the purchase and maintenance of the equipment at the landfill.

PASSED BY VOICE VOTE

15. It was voted to raise and appropriate the sum of Five Thousand Dollars (\$5,000) to be placed in the Land Trust Fund, previously established in 1990, for the future purchase of, or expenses related to Conservation Easements and Conservation Land as authorized by RSA 36-A:5.

Mary Jo MacGowan addressed the history of the Land Fund and its use, noting that the fund has been depleted in recent years. Projects through the Aubson Sargent Land Preservation Trust have been shared with Warner, but one of the up-coming

projects will be entirely in Webster. These easements allow public access to the land, without ownership. The landowner has timber rights and pays the taxes, which are minimal as most of the land is in Current Use. There was a pros and cons discussion.

PASSED BY VOICE VOTE

16. It was voted to raise and appropriate the sum of One Hundred Thirty-six Thousand Five Hundred Fifty Dollars (\$136,550) to be added to the following previously established Capital Reserve Funds.

Office Equipment	\$3,000.
Air Packs	5,000.
Police Firearms	500.
Police Office Equipment	1,000.
Bridge Improvements	40,000.
Fire Dept. – Dry Hydrant Repairs	1,500.
Reappraisal	10,000.
Town Hall Improvements	5,000.
Police Cruiser	13,500.
Police Portable Radios	300.
Fire Truck	48,000.
Fire Department – Bunker Gear	5,000.
Public Safety Building	3,750.

The Board explained that the purpose of the Reappraisal line was to fund the five year revaluation as mandated by the State; and the increase in Air Packs is for the maintenance of those packs recently purchased.

PASSED BY VOICE VOTE

17. It was voted to raise and appropriate the sum of Two Thousand Five Hundred Dollars (\$2,500) to be added to the existing Forest Fire Expendable Trust Fund established in 2007.

PASSED BY VOICE VOTE

18. It was voted to raise and appropriate the sum of Four Hundred Fifty Thousand Four Hundred Ninety-two Dollars (\$450,492) for General Government:

Executive	\$10,995.
Election, Registration & Vital Statistics	19,829.
Financial Administration	130,465.
Revaluation of Property	29,791.
Legal Expenses	29,500.
Personnel Administration	40,000.
Planning & Zoning	19,650.
General Government Buildings	50,220.
Cemeteries	10,550.
Insurance	108,992.
Outside Services (Forester)	500.

There was discussion on the Insurance line, which includes health and liability insurance. It was questioned whether the Town provides the high-end health insurance plan, which it does not and does the Town pay the full amount, which it does and premiums have increased.

It was explained that the Revaluation of Property line is for the routine pick-ups, new construction and 20% Data Verification, not the full revaluation mandated every five years. As there was much confusion over the reappraisal, Chairman

Hashem advised that this is the final year of the current contract and that the Board will be soliciting new bids for the Town's assessing needs and will carefully scrutinize any new contract before signing.

PASSED BY VOICE VOTE

19. It was voted to raise and appropriate the sum of Forty-six Thousand Nine Hundred Twenty-five Dollars (\$46,925) for a complete revaluation and authorize the withdrawal of Forty-six Thousand Nine Hundred Twenty-five Dollars (\$46,925) from the existing Reappraisal Capital Reserve Fund created in 1975 for that purpose.

PASSED BY VOICE VOTE

20. It was voted to raise and appropriate the sum of Three Hundred Twenty-four Thousand Three Hundred Forty-eight Dollars (\$324,348) for Public Safety:

Police	\$195,885.
Police Special Detail	2,000.
Ambulance	18,901.
Fire & Medical	72,562.
Building Inspection/Septic Review	30,000.
Emergency Management	4,500.
Other Public Safety	500.

Regarding the Ambulance line and how the Town was reimbursed through insurance, it was explained that Hopkinton does all the billing through the hospital and the Town pays a share of those expenses not collected. The Webster ambulance can and does transport when necessary.

When asked what the Police line item includes, Chief Milano read the breakdown of his budget.

Regarding Building Inspection, it is expected that the fees would be passed on to the builder, when a Building Inspector is found, with the funds recorded as revenue.

PASSED BY VOICE VOTE

21. It was voted to raise and appropriate the sum of Three Hundred Sixty-five Thousand Seven Hundred Twelve Dollars (\$365,712) for Highways/Streets and Sanitation:

Highways and Streets	\$155,150.
Highway Block Grant	60,562.
Hopkinton-Webster Landfill	
Transfer Station	150,000.

Chairman Hashem noted that there was no increase in the Highway Budget. However, the Landfill is up as expenses are up.

PASSED BY VOICE VOTE

22. It was voted to raise and appropriate the sum of One Hundred Thousand Dollars (\$100,000) to reclaim, grade and apply a Single Course of 2" Hot Mix to the first-phase of a proposed three-phase project for Pearson Hill Road. This will be non-lapsing until the work is completed, or by December 31, 2009, whichever is sooner.

Chairman Hashem explained that paving, a petroleum base product, is up. When asked if encumbered money would be spent on this, it would not, as it is designated for other road projects, including Lake Road.

PASSED BY VOICE VOTE

23. It was voted to raise and appropriate the sum of Fifty-three Thousand Six Dollars (\$53,006) for the following:

Health Department	\$ 225.
Health Agencies	3,351.
Welfare Department	6,150.
Community Action Program	4,182.
Parks & Recreation	4,340.
Penacook Community Center	500.
Library	30,758.
Patriotic Purposes – Old Home Day	3,000.
Conservation Commission	500.

Robert Drown inquired about Old Home Day. Chairman Hashem advised that last year the money was spent on fireworks. This year the Board has requested a volunteer to come forward by April 1 with a plan or the money will not be spent.

Regarding the increase in Parks & Recreation, the Sports Committee no longer has a line item as they are running their own programs, but the Board approved money for the operation and expenses related to the park and ball fields.

PASSED BY VOICE VOTE

24. It was voted to raise and appropriate the sum of Sixty-six Thousand Four Hundred and Sixty Dollars (\$66,460) for repayment of Long Term Debt.

Principal – Long Term Bond	\$40,000.
Interest – Long Term Bond	26,460.

PASSED BY VOICE VOTE

25. It was voted to raise and appropriate the sum of Two Thousand Dollars (\$2,000) for interest on Tax Anticipation Notes.

PASSED BY VOICE VOTE

26. To see if the Town will vote to completely discontinue the following roads:

All of the following Class VI Roads in the Pillsbury Lake District:

Amherst Drive
Danbury Drive
Rogers Drive
Wentworth Circle

And also that portion of the following roads now shown as Class VI:

Gerrish Road
Pond Hill Road

Selectman Mullins explained that the reason for this request was to allow those residents on these roads the ability to have more control over the uses and maintenance thereof.

Mike Jones made a motion to amend the article to take Gerrish Road and Pond Hill Road off the list, seconded by Jere Buckley. The Moderator opened discussion. Jere Buckley read a prepared statement and referred to the "Hard Road to Travel" in reference to Emergency Lane as an alternative at some later date, stating he was opposed to closing these two roads. Selectman Mullins rebutted that the landowners building rights and access rights were not decreased in any way as the Town was not extinguishing ownership of the land under the road, though ownership of the road would require considerable research.

Richard Berryman, resident of West Wind Village, spoke of the liability and environmental issues related to Pond Hill and Lake Winnepocket, which he believes is the Town's responsibility to solve the environmental problems, requesting that the Town Attorney give an opinion on the liability issue. Selectman Mullins noted that

the Town is not facing any issues at this time.

Chairman Hashem spoke of the difficulty of those residents on these roads getting to their homes (there is one residence on each road) and enforcement issues when the roads are used by wheeled vehicles. Gordon Welch questions if it was legal for unregistered vehicles to go on these roads.

Donna Melanson addressed the recent use of driveway access by two residences onto Gerrish Road. The Board advised that both residences should be using driveway access from Clothespin Bridge Road.

Linda Hook, Gerrish Road, approved the article as she indicated that only by discontinuance could she get help from Fish & Game for enforcement of OHV use.

Mr. Jones recommended posting the roads as other towns do.

Several residents spoke in favor and against the amendment.

Moderator Janeway called for a vote on the amendment.

THE AMENDMENT TO REMOVE GERRISH ROAD AND POND HILL ROAD PASSED.

THE AMENDED ARTICLE PASSED BY VOICE VOTE

27. It was voted to authorize the Board of Selectmen to offer for sale, as adopted at the Annual Town Meeting of 1994 per RSA 80:42 III and 80:80 III, to abutters only, those lots of land owned by the Town located in the Pillsbury Lake District with the stipulation that the lots be merged with the existing abutting lot and no further lot-line adjustments will be allowed. The price to be determined by the Board of Selectmen at the time of the sale. The list of properties available are as follows:

Map 10-2-21
Map 10-4-120

Map 10-6-82
Map 10-6-90

Selectman Klumb advised that this list was revised from 2007 to include only those lots that would be combined with an existing lot and would not create any new building lots. When questioned how the sale could be limited, the Department of Revenue had advised that this is the only way, by a vote of the Town, which the lots could be sold this way. When questioned whether these were buildable lots, Selectmen Klumb advised that they could be if sold individually, but not when merged with an existing lot which already has a residence.

PASSED BY VOICE VOTE

28. To see if the Town will vote to approve the following resolution to be forwarded to our State Representatives, our State Senator and our Governor:

Resolved: We the citizens of Webster, NH believe in a New Hampshire that is just and fair. The property tax has become unjust and unfair. State leaders who take a pledge for no new taxes perpetuate higher and higher property taxes. We call on our State Representatives, our State Senator, and our Governor to reject the "Pledge", have an open discussion covering all options, and adopt a revenue system that lowers property taxes.

Sally Embley spoke in favor of this article originated from The Granite State Fair Tax Coalition. When asked how this Article was brought forward, she advised that she showed it to the Board of Selectmen and they agreed to put it on the Warrant without the benefit of a petition. Pamela Mack noted that the only way to lower the property tax was to decrease spending, not by creating another tax. Other residents expressed the same sentiment.

THIS ARTICLE WAS DEFEATED BY VOICE VOTE

29. To transact any other business that may legally come before this meeting. Given under our hands and seal, this 12th day of February, in the year of our Lord two thousand and eight.

There being no other business the meeting adjourned at 12:38 P.M.

Respectfully submitted,

MICHELE ST. JACQUES,
Deputy Town Clerk

WARRANT FOR THE ANNUAL MEETING OF THE PILLSBURY LAKE WATER DISTRICT

Business meeting will be held at the Webster Town Hall, 945 Battle St., Webster on Wednesday, March 11, 2009, at 7:00 p.m., to act upon the following.

To the inhabitants of the Village District of Pillsbury Lake, in the Town of Webster, in the County of Merrimack, in the State of New Hampshire, who are qualified to vote on District affairs:

You are hereby notified that the Annual District Meeting will be held on Wednesday, the 11th day of March 2009, at 7:00 p.m., at the Webster Town Hall, 945 Battle St. Webster, New Hampshire.

Voting on Article 1 shall be conducted by official ballot.
The polls will open at 6:00 p.m. and close not earlier than 8:00 p.m.

Article 1. To vote for the following District offices: One (1) Commissioner for a term of 3 years, one (1) Moderator for a term of 1 year, one (1) Clerk for a term of 1 year, and one (1) Treasurer for a term of one year.

Article 2. To see if the District will vote to raise and appropriate \$127,300.00 for the following purposes indicated: (Recommended by the Commissioners)

STIPENDS

Commissioner	\$1,000.00
Commissioner	1,000.00
Commissioner	1,000.00
Clerk	1,000.00
Treasurer	1,000.00
Moderator	50.00
Subtotal	\$5,050.00

GENERAL EXPENDITURES:

Office Expense	\$2,000.00
Miscellaneous	400.00
Insurance	2,000.00
Legal	2,500.00
Audit	14,000.00
Utilities	12,000.00
Payroll Processing	4,000.00

Automobile	1,000.00
Building Maintenance	3,000.00
System Maintenance	47,500.00
Property Maintenance and Snow Removal	4,500.00
Permit Fees	800.00
Water Supply Testing	5,250.00
Parks and Recreation	3,000.00
De-Weeding	22,500.00
Professional Bookkeeper	1,800.00
Subtotal	<u>\$126,250.00</u>
TOTAL ARTICLE 2	<u>\$131,300.00</u>

Article 3. To see if the District will raise and appropriate the sum of \$37,100.00 for a Bond Payment in January 2010. This payment consists of \$18,100.00 Principal and \$19,000.00 Interest. This article is non-expiring through December 31, 2010. \$27,100 of this amount will come from fund balance (surplus) and \$10,000 will come from the Town of Webster. Should Webster not pass their article the \$10,000 will come from taxation.

(Dam Repair, Recommended by the District Commissioners)

Article 4. To see if the District will raise and appropriate the sum of \$28,113.42 for a Bond Payment in April 2009. This payment consists of \$18,192.00 Principal and \$9921.42 Interest.

(Water Filtration System, Recommended by the District Commissioners)

Article 5. To see if the District will vote to raise and appropriate the sum of \$8,000.00 for deposit to the Emergency Trust Fund which was established on March 14, 2007. The purpose of this fund is to be used for related Pillsbury Lake Village District business. The Commissioners are given authority to act as agents to expend from this fund.

(Recommended by the District Commissioners)

Article 6. To transact any other business which may legally come before this meeting.

Given under our hands on this 11th day of February, two thousand nine by the Commissioners of Pillsbury Lake Village District.

Dick Brown, Clerk
Dave Klumb, Commissioner
Steve Palmer, Commissioner
Lynn Estep, Commissioner

A true copy of Warrant – Attest

Respectfully submitted:

Steve Palmer, Commissioner
Lynn Estep, Commissioner

WARRANT FOR THE ANNUAL MEETING OF THE PILLSBURY LAKE WATER DISTRICT

Business meeting was held at the Webster Town Hall 945 Battle Webster, N.H. on Wednesday, March 12, 2008, at 7:00 p.m., to act upon the following.

The inhabitants of the Village District of Pillsbury Lake, in the Town of Webster, in the County of Merrimack, in the State of New Hampshire, who are qualified, voted on District affairs:

The meeting was called to order by moderator Georgette Bachelder at 7:00 pm.

Three attending members requested of moderator Bachelder that Article 6 voting proceed before discussion of other articles. It was further requested that voting on article #6 be done by secret ballot.

In accordance with this request Commissioner Klumb read the legal opinion of District dissolution written by Matthew Serge of the firm of Upton and Hatfield. Balloting on Article#6 began at 7:20 pm.

Article 6. "Shall the District vote to dissolve the Pillsbury Lake Water Precinct, terminate its existence and dispose of its corporate property, in accordance with RSA 52:21? "2/3 vote required"

(Not recommended by the District Commissioners)

Final vote count when polls closed was 98 no and 32 yes. Article=6 failed to reach the required 2/3 votes\

Article 1. To vote for the following District offices:

One (1) Commissioner for a term of 3 years, Steve Palmer elected.

One (1) Moderator for a term of 1 year, TomWolklin elected.

One (1) Clerk for a term of 1 year, Dick Brown elected.

One (1) Treasurer for a term of one year, Pamela Mack elected.

Article 2. To see if the District will vote to raise and appropriate \$129,650.00 for the following purposes indicated: (Recommended by the Commissioners)

STIPENDS

Commissioner	\$1,000.00
Commissioner	1,000.00
Commissioner	1,000.00
Clerk	1,000.00
Treasurer	2,000.00
Moderator	<u>50.00</u>
Subtotal	\$6,050.00

GENERAL EXPENDITURES:

Office Expense	\$1400.00
Miscellaneous	400.00
Insurance	2,000.00

Legal	4,000.00
Audit	5,500.00
Utilities	12,000.00
Payroll Processing	3,000.00
Automobile	1,000.00
Water Superintendent and Pump Houses	0.00
Building Maintenance	4,500.00
System Maintenance	40,000.00
Property Maintenance and Snow Removal	5,500.00
Permit Fees	700.00
Water Supply Testing	3,500.00
Payment of Note,	0.00
Interest on Note	0.00
Parks and Recreation	3,000.00
De-Weeding	28,850.00
Bond Payment (Interest & Principal)	8,250.00
Subtotal	<u>\$123,600.00</u>
TOTAL ARTICLE 2	<u>\$129,650.00</u>

Despite the fact that a motion from the floor to discuss each line item individually failed to pass, there was considerable discussion of the de-weeding line item. Commissioner Klumb agreed that the District would investigate possible financial assistance from State Agencies (i.e. D.E.S., Fish and Game etc) for the de-weeding cost.

There was a motion by Treasurer Mack to have water system customers pay \$77,000.00 of Article#2. She states that this amount of the article is expressly used for water system maintenance and that private well owners should not have to contribute to this cost.

This motion failed to pass

Article#2 was passed without modification by the attending voters.

Article 3. To see if the District will raise and appropriate the sum of \$26,350.00 for a Bond Payment in January 2009. This payment consists of \$18,100.00 Principal and \$8,250.00 Interest. This article is non-expiring through December 31, 2009.

(Recommended by the District Commissioners)

Article #3 was passed by the attending voters.

Article 4. To see if the District will vote to raise and appropriate the sum of \$8,000.00 for deposit to the Emergency Trust Fund which was established on March 14, 2007. The purpose of this fund is to be used for related Pillsbury Lake Village District business. The Commissioners are given authority to act as agents to expend from this fund.

(Recommended by the District Commissioners)

Article #4 was passed by the attending voters.

Article 5. To see if the District will vote to discontinue, pursuant to RSA 35:3, the Pillsbury Lake Village District capital reserve fund established in 1993 for the initial de-weeding of Pillsbury Lake. This fund is closed and has a zero balance.

(Recommended by the District Commissioners)

Article #5 was passed by the attending voters.

Article 7. To transact any other business which may legally come before this meeting.

Commissioner Klumb motioned that the District form a "Long Range Planning Committee" comprised of water system users and private well owners to create a master plan for the Village District. The suggested committee size was 5 regular members and two alternates. He further stated that no subject is off limits to consideration. We are a community and we need to heal our divisions and arrive at workable compromises.

The attending voters passed this motion.

There were nine volunteers for this committee who gave their names to Commissioner Klumb.

Attending member Turcotte stated that the voters should applaud the patience and years of service of outgoing moderator Georgette Bachelder.

Respectfully submitted:

DAVE KLUMB, Commissioner

STEVE PALMER, Commissioner

LYNN ESTEP, Commissioner

DICK BROWN, Clerk,
Pillsbury Lake Village District
